**FRIDAY, SEPTEMBER 27TH AT COBO CENTER IN DETROIT
8 AM-5PM**

ROYAL OAK, MICHIGAN—If you are or if you are planning to own a State of Michigan licensed marijuana facility, you must attend our event. Learning how to maximize your earning and operational success will be key to our day-long **Cannabusiness Seminar**. If you think it’s as simple as opening your doors and stocking your shelves, think again. In what is an extremely highly regulated market, compliance is essential to avoid local penalties from the State as well as the IRS, which will begin audits as early as 2020. If you are, for some reason, found not to be in compliance, the penalties will likely put you out of business. This is why cannabis compliant bookkeeping is mandatory and can keep the government from building a case against you.

Cannabis Legal Group’s September 27th seminar at Cobo Center is specifically targeted for the cannabis industry licensees and others who are wanting to be licensed. **Cannabis Legal Group** of Royal Oak, founded by Barton W. Morris Jr., is the premier law firm in the State of Michigan when it comes to offering legal guidance in the cannabis industry. This is the 12th all-day seminar **Cannabis Legal Group** is presenting over the last several years and all have been heavily attended, successful events. **Cannabis Legal Group** guarantees that your attendance will be well worth the time of those present or they will happily give you a 100% refund.

Areas to be covered include:

- How to Get Your Recreational (Adult-Use) License and Overcome Roadblocks with your Municipality
- Best Practices and Advice for Maintaining MRA Regulatory Compliance
- Raising Private Equity Capital for Expansion and Business Mergers/Acquisitions
- The Importance of Due Diligence and Best Practices for Acquiring a Cannabusiness
- Common Cannabis Tax Consequences and How to Minimize and Eliminate Issues at Audit Time

- Trademark and Protect Your Brand, or Risk Someone Infringing On or Stealing It
